

FACOLOS

MOVE ONE

**STABILITY
THAT LASTS**

Facolos Footwear | Built to hold. Made to rise.

MOVE ONE

For players who play consistently.

Most pickleball players don't lose performance at the start. They lose it after multiple sessions, when the game becomes regular but their foundation doesn't keep up.

MOVE ONE is designed for pickleball players who play regularly – typically two to three times a week or more – and have started to care about long-term performance, not just first-day comfort.

THESE SHOES ARE FOR PLAYERS WHO

- PLAY PICKLEBALL CONSISTENTLY
- HAVE A REGULAR PLAYING ROUTINE
- WANT STABLE PERFORMANCE ACROSS MANY SESSIONS

STABILITY
THAT LASTS

MOVE ONE

MOVE ONE doesn't make you better instantly.

It helps your performance last.

MOVE ONE is not designed to impress in the first five minutes. It's designed to support consistent movement, so your performance holds up across long rallies and repeated sessions.

TOE BOX

Dual-layer construction: Reinforced durability and enhanced toe protection against impact.

SOLE SYSTEM

Phylon midsole & RB outsole: Responsive cushioning, reliable grip, and quick transitions.

Dual anti-torsion system (Carbon & 3D plate): Reduces midfoot twisting and maximizes stability.

UPPER

Double-layer mesh: Breathable with enhanced airflow.

3D structure & TPU: Secure fit with added lateral stability.

HEEL COUNTER

Rigid frame with cushioned support: Locks the heel in place and prevents slippage.

MOVE ONE

Stable lateral movement

Keeps your feet grounded during the side-to-side movements characteristic of pickleball.

Minimizes slipping and loss of balance when changing direction

Better control late in the session

Maintains a consistent feel and control during extended rallies.

No sudden performance drop-offs after multiple games.

Built for repeated play, not one-off sessions

Thoughtfully balanced support to reduce foot fatigue.

Ideal for players who are on the court several times a week.
